

E-Seniors' experience in Erasmus+ Projects

Informal Education

Program : Erasmus+KA2

Action

June 2019- May 2021

Development of learning resources and training to promote the talents of marginalized youngsters, which support their inclusion, personal development and employment. E-Seniors coordinates this project through its sibling association E-Juniors.

<https://actionyouth.eu/en/>

LabCon

November 2019- October 2021

Identification and promotion of the best practices improving the digital knowledge of lowed skilled and non-digital natives. The key outcome will be the "laboratory of knowledge".

Sustrainy

January 2020 - December 2021

The objective is to encourage youngsters to undertake sustainable initiatives by providing them helping tools. E-Juniors coordinates the project.

SIDAL

November 2019 – October 2021

Elaboration of a methodology for helping vulnerable groups (seniors, disabled) to use Smartphones and internet for improving the quality and safety of life.

ActivU

January 2020- June 2022

Raise awareness and drive behavioral change among former active citizens and disabled persons towards a healthy and active lifestyle by assisting them to use physical activity and other health-related behaviors effectively.

ROCHIL

September 2019- August 2021

Development, testing and implementation of innovative practices in cultural heritage conservation in order to foster social inclusion and to create new opportunities for intergenerational learning and new jobs in the field of cultural heritage.

SHES

October 2019-September 2021

Help senior citizens to acquire skills and knowledge about how to use the sharing economy to improve their lives while making the most of the ICT tools.

DEFINE

October 2019-September 2021

Improve seniors' skills in online financial management. In order to achieve this objective, online role-playing games, offline training resources, trainer's guides and a manual will be developed.

NEON

October 2019-March 2021

Building a universal tool to diagnose the educational needs of individuals and organisations working in the field of adult education.

<https://neonerasmus.weebly.com/>

QualifyDiffer

September 2019- February 2020

Innovation of a methodology that reinforces the employability & entrepreneurship of adults with disabilities and that meets the strategies for smart, sustainable and inclusive growth.

SE MoveH

October 2019-September 2021

This initiative supports social inclusion and entrepreneurship of disadvantaged young adults. It creates and publishes a training model for entrepreneurship through the valorization of the European Cultural Heritage.

FoodGaming

December 2019- November 2021

Promotion of good nutrition habits among seniors by proposing innovative game solutions to explain nutrition.

FACIT

November 2019-May 2022

Helps disadvantaged youngsters to acquire new competences in the designing of innovative educational approaches to enrich Active Citizenship competences of adult learners. E-Juniors is a partner in the project.
